Dear Berhanu Family and Eric,

I am writing on behalf of Amsale's GE friends and colleagues to extend our deepest sympathy to you for your sad loss.

Amsale was a valued and respected member of the GE family who, over the years, contributed to our company in endless ways. With her extensive operations background, she was a true business partner when it came to her project work -- she was an exceptionally clear thinker whose project management and execution skills were unparalleled. Not only was she an avid learner, but she was generous with her knowledge and experience, sharing everything she possibly could by mentoring less experienced employees whenever an opportunity presented itself. Above and beyond her daily job responsibilities, she was dedicated to organizations such as GE's African American Forum and Women's Network, sacrificing much of her personal time to them. Most recently, Amsale completed the rigorous requirements necessary to achieve the distinguished title of Master Black Belt, the certificate of which I am sharing with you today.

We will miss Amsale greatly. Amsale made a difference in the world around her and was truly a role model.

Please accept our sincere condolences. Our thoughts are with you during this time of sadness.

Sincerely,

Ron Pressman

# Master Black Belt

## Amsale Berhanu

*Has demonstrated in-depth knowledge and proficiency in the GE Black Belt – DMAIC Six Sigma methodology and has successfully applied the appropriate tools and techniques to multiple business projects.*

*In addition, Amsale has mastered Six Sigma proficiency to the level required to lead and coach others in the application of Six Sigma in their work environment.*

*In recognition of this important contribution to making Six Sigma “The Way We Work,” Amsale is awarded GE Company Certification as a Master Black Belt in Six Sigma.*
